CINCO CINCO/ MIDI CINCO MANUAL

CONTENTS

1. Cinco Cinco
2. Midi Cinco Cinco
3. Warranty

1. CINCO CINCO

The Cinco Cinco provides a simple way to keep all your off-board connections organised in one convenient location on your pedalboard.

Each ¼" jack can be used for both mono and stereo connections (via a TRS cable) and is fully isolated. Use it to connect your guitar, amps, amp channel switches, and effects loop.

The example above uses four mono connections to link the guitar input, Amp 1, Amp 2, and the amp's remote switch to the G3. The 'Amp FX loop connect' requires a TRS (stereo) cable.

Each connection is fully isolated, eliminating the risk of earth/ground loops when using TheGigRig Cinco Cinco.

2. MIDI CINCO CINCO

The MIDI Cinco Cinco includes an additional thru connection for a standard 5-pin DIN MIDI cable, making it ideal for use with G3, G3S, or other MIDI devices off the pedalboard.

This is a straight-through passive connection.

4 WARRANTY

The GigRig warrants the product to be free from defects in material and workmanship for a period of 2 years from the original date of purchase.

If the product fails within the warranty period, The GigRig will repair or, at our discretion, replace the product and cover the cost of return shipping to the original purchaser. This warranty covers defects in manufacturing discovered while using this product as recommended by The GigRig. This warranty does not cover loss or theft, nor does the coverage extend to damage caused by misuse, abuse, unauthorized modification, improper storage, lightning, or natural disasters.

Damage caused by any of the above circumstances may result in a non-warranty repair fee. Legal: In the case of malfunction, the purchaser's sole recourse shall be repair or replacement, as described in the preceding paragraphs. The GigRig will not be held liable to any party for damages that result from the failure of this product. Damages excluded include, but are not limited to, the following: lost profits, lost savings, damage to other equipment, and incidental or consequential damages arising from the use, or inability to use this product.

In no event will The GigRig be liable for more than the amount of the purchase price, not to exceed the current retail price of the product. The GigRig disclaims any other warranties, express or implied. By using the product, the user accepts all terms herein.

Disposal: TheGigRig contains no batteries or Lead. Return the unit to TheGigRig Ltd for disposal or use standard disposal for electrical equipment recommended in your country. Do not dispose of electrical equipment in household waste!

Any individual or company found copying the functionality, look or feel, circuits, circuit function or software functions for commercial gain will be liable for legal action. Licenses may be granted to non-competing companies.

The GigRig and its Power supply are RoHs compliant.

Tested and compliant to EN 60950 safety standard.

The power supply is approved to all USA and European

Regulations including UL. See separate instructions supplied with the power supply
